

INHS Newsletter – December 2020

Dear INHS members,

Welcome to our December 2020 newsletter. As 2021 approaches, we hope that you have a chance to rest and reflect after a difficult year.

We were incredibly proud to hold the INHS Biennial Conference 2020 online earlier this month, hosted by the Organisation for Security and Cooperation in Europe and the University of Plymouth. Please find details of the conference and links to recordings of the live sessions and paper presentations below.

The newsletter, as ever, provides a monthly snapshot of international publications that have recently been added to the INHS website and information about upcoming events occurring this month. We would also like to encourage you to get in contact with us if you would like to submit a contribution to our INHS blog. All blogs can be found [here](#).

INHS Biennial Conference:

The INHS Biennial Conference: Hate, Democracy, and Human Rights took place on December 2 and 3, 2020. Over 200 people attended the conference from 38 countries around the world. However, do not worry, you have not missed out if you were unable to attend – we recorded all of the live sessions and there were an excellent range of video presentations that can all be accessed [here](#).
